## Baby Linda Sweaks Making Good Progress

Baby Linda Sweaks who until June 20 was a Blue Baby, is making good progress and with her mother, Mrs. Claude Sweaks, was in Cameron a few days ago from the home near Hoyte to visit friends.

Pink cheeked and smiling, Little Linda, who was born with a congenital heart ailment, is going to be a normal little girl soon. She can walk better than before the operation in Dallas. She has lost some of her fright and has regained much of the poise that made her indifferent to pain and discomfort during the months of her critical heart ailment.

Friends throughout Texas and especially those in Cameron and Milam county, will be glad to have this good word from Little Linda.

Dr. Clifford Swift, family physician, who has been watching over the baby since her return from the hospital said Tuesday that Little Linda's progress has been much better than expected. "I would say her condition is very satisfactory," he said when asked for some assurance by this newspaper that the baby is well on her way to become normal and happy.

At the time Little Linda's condition became known; that she must go to Dallas for a heart operation; that she was given only a fifty-fifty chance to survive, people poured out their hearts and opened their purses and they saw to it that the baby had her chance. This newspaper brings this report to those dear friends that they may know their gifts purchased life for this beautiful baby girl.

## Road Spending Piles Up In Milam County

## We Get .29 Inches Of Rain; Also We Get 102 Degree Heat

Intensive heat was broken late Tuesday with a .29 inch rain and with showers continuing Wednesday morning it appeared that a half inch may have fallen.

L. W. Smith of the Community Public Service Company said Wednesday that the city had received the above amount of rain and that 102 degrees of heat was also registered Tuesday.

The thermometer fell some 20 degrees in a short time Tuesday afternoon. The rain is local. Over the state heat was climbing and there was little indication of rain generally.

## The E. H. Coffields Schedule Plane Trip To The West Coast

Mr. and Mrs. E. H. Coffield will leave Dallas Sunday for a vacation trip to the west coast. They will take a plane in Dallas and fly to San Francisco where they will spend their vacation.

From the Golden Gate city they will visit other places of interest in California before returning to their home in Cameron.

Mr. Coffield is agent for the Gulf Oil Corporation in Milam county. Friends wish for them an enjoyable stay in the far west.

Mrs. Herman Boedeker visited her sister Clara Matula over the week end.

## Farm Bureau Queen

MISS OLIVIA LEHMAN

Miss Olivia Lehman of Buckholts was crowned Queen of the Milam County Farm Bureau in coronation ceremonies in Cameron on July 21. She won out over 10 contestants in the race for the coveted honors.

Farm Bureau Queens are selected on appearance, poise and personality. Layne Beatty, Farm Editor of Radio Station WBAP, was master of cermonies at the coronation. Miss Lehman is the daughter of Mr. and Mrs. Robert P. Lehman.

Miss Lehman will enter the district contest and if she wins will go to the state contest. The Farm Bureau Federation also has a national contest.

## WE HAD 350 BALES THIS TIME IN 1948

The Cameron Compress Company had received 75 bales of the new crop cotton Tuesday morning.

It is interesting to note that for the same period in 1948 the compress had received about 350 bales. This will give a better picture of the crop maturity.

Generally the 1949 crop is about two weeks later than the 1948 crop. Ginnings will increase rapidly and by the middle of next week cotton should be coming in at a fast clip.

Those in close touch with the farming situation say that the crop is much better this year, in fact may be the best per acre yield since 1920 With restrictions removed the acreage was increased. The cotton belt is facing a scale down next year due to controls made necessary by a large surplus.

Since the government has pegged the price the cotton producer will get a good reutrn on his cotton as well as his seed.

## Tom Dobbins, Roscoe Banker And Former Resident Here, Dead

ROSCOE, Texas, Aug. 11—Funeral services were held Wednesday for Tom M. Dobbins, 81, president of the Roscoe State Bank for the past twenty-four years and long-time resident of Roscoe, Dobbins died Monday after a long lilness.

In 1907 Dobbins moved to Roscoe as assistant cashier of the newly organized Roscoe State Bank. Prior to that he had been in the hardware business at Cameron for ten years. He became active vice-president of the bank in 1921 and was made president in 1925.

Surviving are a daughter, Mrs. E. M. Stewart of Tahoka; a son, R. O. Dobbins of Roscoe; three grandchildren and three great grandchildren.

Dr. and Mrs. J. L. Walker left Wednesday of this week for a two weeks vacation trip to New Mexico and other places of interest. They will return the first of September.

## YOEMEN BLAST AWAY ON WORK PROGRAM

Sixty-three football hopefuls crowded the gridiron at Yoemen Field Monday night in the first full scale work out under the lights, it was said early Tuesday by Coach Paul Smith.

Coach Smith said the boys could be classified for all squads, C, B, and A, but the turnout is very encouraging. It was noted here by fans that the number to report in Cameron is ten more than reported at Temple.

A fine spirit is being shown here. Coach Smith was mighty happy at his home Tuesday. He had just come in from two hours on the campus with the A squad backfield. It seems the boys are working the coaches too and that is regarded as a good sign. Every morning at 7 the backs are on the south end of the campus with Coach Smith and on the north end of the campus the line hopefuls are with Dick Young.

In the first full scale workout Monday night on the field there was a noticible vigor. The tempo visulaizes hard work and one could well say the boys were hitting a mid week stride instead an opening night muscle shuffling.

With the first game just a little over three weeks away the schedule calls for a lot of hard work. The Yoemen open their schedule on September 9 against West.

Coach Smith, faced with a lot of gaping holes in the team, must build from the ground up. Of course there are 4 regular starters from last year, three in the line and one in the backfield. That is not encouraging but

## CAMERON GUARDSMEN NOW FIGHTING UNIT

By LLOYD ALBERTSON

The officers and enlisted men of Battery C, 649th Anti-aircraft Artillery Battalion who had been attending the National Guard's summer camp at Ft. Bliss, Texas, came home on Sunday afternoon, and after exchanging uniforms and combat boots for civiliar clothes, went out to catch up on the news of the old home town and to get together with wives, parents and girl friends.

The Battalion returned by special train, again enjoying complete Pullman accomodations. It left El Paso at 11 o'clock Saturday morning and arrived in Temple shortly after noon Sunday. Members of Battery C came on from Temple in its own vehicles.

Behind them the Guardsmen had two weeks of rugged training. It was training that, especially during the final week, probably could match any during those hectic early war years of not so long ago.

And it got results. Guardsmen who only two weeks before hadn't even seen an anti-aircraft weapon, came out as experts in handling a 40 mm Gun, a director or multiple 50 cal. machine guns.

The last week of training started

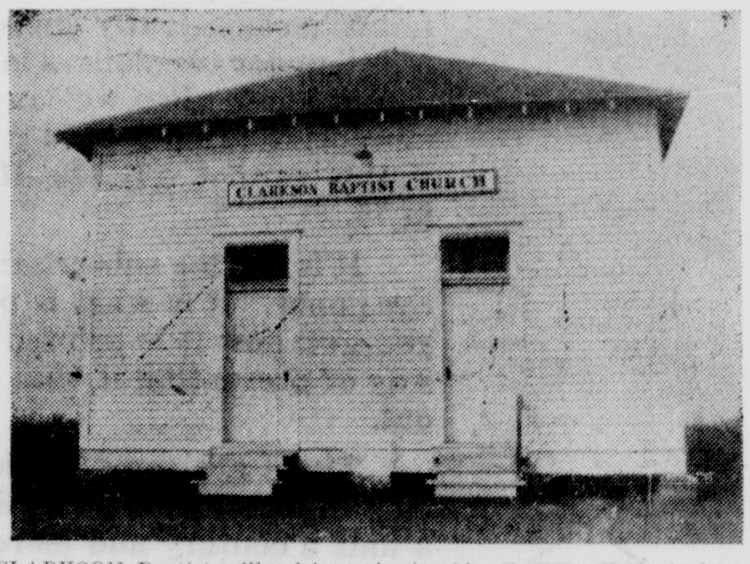
## Clarkson Baptist Organized 58 Years Ago



CLARKSON Baptist will celebrate their 58th Anniversary on Sunday, August 21. This church was organized in 1901 and the celebration Sunday will also be heightened by a Home Coming. The traditional picnic lunch will make the day more enjoyable. Everyone is invited to attend and bring a basket of food. Rev. Herbert Holloway is pastor and extends a warm welcome to everyone to attend the noon services and to join in the home coming and observance of the 58th Anniversary.

# 200 Credit Men to Meet In Waco Saturday

More than 200 retail merchants and credit men, members of District 4 state credit organizations, will convene in Waco Saturday and Sunday, August 20 and 21.

D. Scott, Secretary and Manager of the Cameron Retail Merchants Association, will attend.

Credit personnel who will be at the Raleigh Hotel to hear problems of credit and collections discussed will be members of the Retail Merchants Associations, Retail Credit Executives, Credit Bureau, Managers and Lone Star Council of Credit Women's Association of Texas.

The merchants and credit men will hear speakers discuss subjects running from a survey of what's happening in the world today to legal aspects of credit and collections.

Proper supervision of credits is essential to successful merchandising and with economic conditions getting back to normal credit associations feel that their personnel should be briefed at this time on what to expect in the future.

Local retail merchants will be interested in seeing their local Retail Merchant Associations and Credit Bureaus bring services up to demands of modern business. Retail merchants should make full use of their Retail Merchants Association for by so doing they can often avoid losses by people who over extend their privilege to buy on time and who live beyond their means, or who are just plain dead beats.

## COTTON CURB LAW TO PRESIDENT TRUMAN

WASHINGTON, Aug. 16 — The senate today passed and sent to the White House legislation designed to cut into heavy cotton surpluses by reducing the 1950 planting.

This year cotton farmers had more than 26,000,000 acres in cultivation—the harvest of which will add to the surplus now in warehouses.

The bill sent to the President would permit the secretary of agriculture to set a cotton acreage allotment for the nation as low as 21,000,000 acres for 1950 and down to 18,000,000 acres in 1951 if found necessary.

An Agriculture department spokesman said the acreage allotment finally set by the secretary for 1950 probably will be close to the 21,000,000 acre minimum spelled out in the bill.

He said the secretary, in setting the 1951 allotment, will take into consideration the supply of cotton on hand at that time, plus expected exports and carryover.

In an effort to make equitable the expecter cuts in acreage totals for 1950 in the individual states, the legislation sets out 22,500,000 acres as a "base." Each state's share will be figured out after considering historical acreages, planting trends in recent years and other factors.

Then, if the secretary announces a total less than the 22,500,000 base, each state will take a percentage cut. If he announces a total higher than the base figure, each state will receive a percentage increase.

The bill provides formulas designed to prevent states which heavily increased cotton planting in the last year or so from taking a too-drastic cut in allotments for 1950.

It also gives the secretary of agriculture power to proclaim quotas and acreage allotments whenever he finds the total supply exceeds the normal supply. Existing law prevents him from doing this unless the total supply exceeds the normal by at least 7 percent.

## CHAMBER COMMERCE GETS THANKS LETTER

Two miles of the Meeks road is being graveled and Cameron has had a share in the fund necessary to pay for this work.

The Chamber of Commerce has just released a letter written by J. F. Salach for the Citizens of Meeks thanking the business men in Cameron who had a share in this fund. The two mile stretch of road now being graveled is in Bell county but will connect the Meeks community with Milam county.

Here is the letter received from Mr. Salach:

"The citizens of the Meeks Community would like to take this opportunity to express our thanks to the Cameron Chamber of Commerce, the merchants and banks of Cameron who were so generous with their contributions for our road building fund.

"The two mile stretch of road from Meeks School to Milam County is being graveled at the present time and this would have been impossible without the $500.00 that was contributed by the merchants of Cameron. Our goal of $2000.000, amount necessary for the construction for the two miles of road to be graveled, has been reached.

"Again we thank the people of Cameron for making it possible for us to be able to travel to Cameron in any type of weather."

Mrs. Byron Farr has returned to Valentine after spending the week end with her parents, Mr. and Mrs. Bill Storey. Mrs. Farr is the former Florence Jane Storey. Clayton Storey and family of Austin are spending their vacation visiting their parents and other relatives in Cameron.

Mrs. Ella Bass of Marlow, Oklahoma is visiting in the home of Mr. and Mrs. R. L. Storey and Mrs. N. J. Smith in Cameron this week.

## SCHOOLS READY FOR SEPTEMBER TERM

Cameron Public Schools—the city's biggest business—will be formally opened for the fall term on Monday, September 5, it is announced by Superintendent W. T. Hanes.

With the exception of one or two members the faculty is completely staffed with nearly all the veterans returning. To formally open a school term a great deal of preliminary work is necessary and Mr. Hanes and his assistants are rapidly bringing the details under solution.

Sanford M. Layfield, Principal of Yoe High School, has prepared a schedule for registration of students and it is important to note that this will be completed in advance of the opening on September 5. Here is the schedule:

Monday, August 29 at 9:00 a. m. boys working out for athletics are to register. In the afternoon beginning at 2:30 Band Students are to register.

Tuesday, August 30, at 9:00 a. m. Seniors will register and at 2:30 p. m. Junior class members will register.

Wednesday, August 31 at 9:00 a. m. the Sophomores in high school will register and beginning at 2:30 in the afternoon the Freshmen will register.

Mr. Layfield points out that it is especially important for all students who fall in the classes above, register on dates specified.

High school classes will meet for regular sessions at 9 a. m. Monday, September 5. Only a half length period will be held the first day, thereby dismissing the entire student body at noon.

The regular schedule starting Tuesday, September 6 will begin at 8:30

HOUSE JOINT RESOLUTION
No. 36

proposing an Amendment to Artcile III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to this State support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 12-4tc

# Still under two dollars

Subscription rates among all publications have gone up. Some have been doubled and more. It now costs you around $18 average a year to get a representative Texas daily newspaper.

In the weekly field, long before present news print prices, many publications charged two dollars. Certainly that was not too high but every publication has a different problem, a different policy.

The Herald has through the years maintained a consistently low subscription rate. It is still under two dollars in Milam county. We do not know when we can reduce. With good newsprint around $200 a ton laid down, we simply cannot sell The Herald for less than $1.75.

**It is not the subscription price that makes the paper. It is what is printed on the paper you get, how it is printed and the newspaper way of presenting it, that makes papers stand out.**

**These are some of the reasons why The Herald has carried on its lists subscribers with a half a century and more of reader interest. Year in and year out they renew, hundreds and hundreds of them.**

**When good newspapers can be sold for less The Herald will sell them.**

## Texas Cotton Crop Largest in 12 Years

AUSTIN, Aug. 9 — If favorable weather continues, Texas will have a 4,450,000-bale cotton crop, the largest in 12 years.

That was the estimate today of the crop reporting board of the Bureau of Agricultural Economics, viewing the situation as of Aug. 1.

Production promises to exceed all past records in the important High Plains area, in the Lower Valley and in the Trans-Pecos irrigated area. Above average production is indicated for all areas.

The predicted 1949 crop would still be short of the 5,154,000 bale yield in 1937.

This year's large cotton crop, a sizable increase over last year's production and the 10-year average, is the result of very favorable growing conditions in all areas of the State, the United States Department of Agriculture said.

## It Was Mere 100 Degrees In Cameron; Texas Sweltering

Cameron had 100 degree temperature Sunday, it was reported at the offices of the Community Public Service Company Monday.

A few little clouds skittered across Texas skies Sunday, but the sun ripped through and around them, sending the mercury to 100 and above in many places.

Laredo, Wink, Dallas and Fort Worth reported 101 reading to the U. S. weather bureau. Elsewhere, the mercury mostly was in the upper nineties.

Gaudalupe Pass was the coolest mid-afternoon spot with a maximum of 86.

There was no rain reported in the state. And the forecast was for little change in temperature.

### BAROMETER FALLING

The barometer was below 30 and falling at noon, according to the weather forecast from Dallas. The relative humidity was only 47 degrees and that is pretty dry. A weather change is indicated with some rain, but nothing that will affect the Cameron area Tuesday.

## Margaret Mitchell Died In Atlanta

Margaret Mitchell, novelist, died early Tuesday in Atlanta, Georgia.

Miss Mitchell was fatally injured when a car struck her several days ago as she sought to cross a street in Atlanta.

She wrote "Gone With The Wind," a powerful, sweeping novel of war's aftermath in the South. The screen version of her book was perhaps the most widely patronized motion picture in the history of the screen.

Mrs. Hugh Ridout and little son, Hugh Glenn returned with her husband to their home in Galveston after a two weeks visit with her parents, Mr. and Mrs. John Tindall and other relatives in Cameron.

# SOME WORKERS ARE NOT INCLUDED IN NEW SCALE

The House voted to raise the minimum wage from 40 cents an hour to 75 cents, but take an indeterminite number of persons out from under the Wage-Hour Act.

Final action on the bill, however, was put off until tomorrow, and there remained the possibility that the House might change its mind.

Just how many people would be removed from the law's coverage under today's voting was a subject of dispute. Some legislators guessed it would be a million or more, but others said no definite figure could be given at this time.

Although it was not the Administration bill which was approved by a 225-to-181 roll call vote, it represented a partial victory for President Truman who had called for a 75-cent minimum wage at the start of this Congress session.

What the House did was to approve a substitute measure by Representative Lucas, Democrat of Texas, after first knocking out his original proposal to set the wage level at 65 cents and then adjust it annually—either up or down—according to the cost of living. By a vote of 176 to 116, the House accepted an amendment by Representative Redden, Democrat of North Carolina, to fix the Lucas bill figure at a flat 75 cents.

Then after accepting several other minor changes the members tentatively approved the Lucas bill 211 to 140, reaffirming that decision later on the roll-call ballot.

However, Representative Marcantonio, American Labor Party of New York, blocked final action when he demanded an engrossed copy of the bill. This calls for a special printing process in which all adopted amendments are listed in their proper order. His request is due to be taken up when the House reconvenes tomorrow.

## L. Van Perkins Is Prize Winner With Fidelity Union Life Insurance Company

L. Van Perkins was the Grand Prize Winner of The Annual Sales Contest of Fidelity Union Life Insurance Company. Results have been tabulated in the Home Office at Dallas and from the field force of over 100 agents throughout Texas and Alabama, Mr. Perkins led the entire group.

This contest, for two months, is known as the President's Campaign in honor of Carr P. Collins, President of the Compnay. The Grand Prize was an outboard motor, which has already been shipped to Mrs. Perkins.

As an added prize for his sales record, he will be the honor guest at the Annual Company vacation trip to be held during the first week of September at the Lost Valley Dude Ranch at Bandera.

Mr. Perkins has always been a sales leader with Fidelity Union Life. He holds many honors in the Company, including Presidency of the Builders Club, Membership in the Million Dollar Club, The Honor Legion, and the App-A-Week Club.

## 102 Degree Weather In Cameron Monday; Relief Is Seen

Cameron had 102 degrees weather Monday to reach a new high for August. A similar temperature was recorded in July. On the whole the summer has been mild, July being the hottest period of the year.

There was some hope that relief might come to Central Texas and the Cameron Area. A wind and rain storm in the Middle Panhandle Monday wiped out crops and some rain had fallen in other places.

Laredo had 106 degrees Monday for the hottest spot in Texas. A storm front might create a high pressure area and stop south winds. In that case some very unpleasant weather is due.

## Son Of Slain Radio Commentator At Alice Beaten In Houston

HOUSTON, Aug. 15—Burt Mason, 22, son of a radio commentator who was slain at Alice July 29, was in a Houston hospital today with a broken leg and painful bruises.

He told officers and newspapermen that three young men beat him severely about 1 a. m. Sunday, on South Main street in Houston, a few blocks north of the new Shamrock hotel.

According to first reports from the Methodist hospital and from Mason's friends at Alice, Mason's car was in collision with another automobile in which three young men were riding. This report said an altercation followed the accident.

But in an interview with Tom Lester of the Houston Chronicle, Mason said he had no idea why the three men attacked him.

Mason's father, Bill Mason, Alice radio commentator, was shot to death in an industrial section of Alice. Sam Smithwick, Jim Wells county deputy sheriff is charged with murdering him. In his last broadcast, the elder Mason had strongly criticized the sheriff's department and Smithwick.

The son has been continuing his father's daily program, broadcasting from Alice through a Corpus Christi radio station.

Of the beating, young Mason said: "I don't think it had anything to do with the radio programs which led to my father's death. But then, I don't know."

Painfully, he turned his body on the hospital bed and half raised himself to declare forcefully:

"Just as soon as I can get out of here, I'm going back and continue the program."

Mason was brought to the hospital at 2 a. m. Sunday by Floy Kennedy of Alice, his secretary. He and his secretary drove to Victoria Saturday, where her parents live, and then to Houston, he said. He said he and the girl were on the way back to Victoria when the attack occured.

### SON TO THE DOSCHS

Mr. and Mrs. R. B. Dosch of Houston have announced the arrival of a seven pound son born at Herman Hospital, August 8, 1949. Mrs. Dosch will be remembered here as the former Mary O'Neill, eldest daughter of Mr. and Mrs. Ray O'Neill.

Mrs. O'Neill left Cameron Wednesday morning to spend several days in the Dosch home. The baby had not been named at the time of this announcement.

# BRADLEY SAYS DEFENSE MEANS BIG FRENCH ARMY

The strategy behind President Truman's $1,350,000,000 foreign arms program became clearer today. The high command said the bulk of assistance to Europe would go to rearm France.

General Omar N. Bradley said a strong French army is the basis of the Truman plan to build forces in western Europe. The idea, he said, is immediate assistance to make our European allies strong enough to delay and hamper any aggresor until the U. S. could get into action.

Bradley said the $1,160,000,000 earmarked for European members of the North Atlantic alliance will not give Europe the military strength to stop an attack by Russia. The army chief said it will take five or 10 years—"no one knows how long"—for Western Europe to build up her economic and military power to a point where there may be no attack, he asserted.

Bradley said details of the plan to channel the bulk of European arms aid to France would have to be given congress secretely.

It is no secret, however, that the enormous army with which France went into World War II lost most of its equipment. The French air force met similar disaster, and much of the French fleet was scuttled. French forces that fought their way back into Europe with U. S. and British forces were armed mostly with American guns, tanks and planes.

A recent Associated Press survey of European members of the Atlantic alliance showed France now has the largest force of military manpower on the continent outside of Russia.

There are 469,000 men in the French army, 68,000 in the air force, and 53,000 in the navy.

Rifles, artillery, tanks, fighter planes, short-range bombers and possibly light naval craft are considered likely to go to France in view of the role that Bradley assumes that country will take in case west Europe is attacked.

## Cameron Loses On Transportation

Cameron will get a new kind of mail service Sunday but has lost heavily in transportation and shipping facilities.

Postmaster J. R. Hays says that express and parcel post shipments on certain perishables has been largely lost to the city. Unless the business men can get the Santa Fe day trains to stop, we will be isolated to a great extent.

The Santa Fe is not likely to stop its fast trains although express and parcel post shipments on chickens is considerable. Hatcheries must now haul their chicks to Temple or to Milano.

The last of the old T & N O trains will be run Saturday night from Waco to Yoakum. On Sunday the government will carry mail by motor over the route by highways.

## Killer Jones Goes To Chair Early To-Day at Prison

HUNTSVILLE, Aug. 10—W. Fred Jones walked to the electric chair for the second time in three days early today. This time he died.

The condemned killer who Sunday morning won a three-day reprieve as he stood at the door of the death chamber, entered the execution room at 12:03 a. m. (CST). He was pronounced dead at 12:11 a. m. (CST).

Jones' execution preceded that of General Kerzee, 57-year-old Dallas Negro, who was convicted of the mutilation slaying of Gladys Scott in Dallas in 1948.

Kerzee entered the death house at 12:15 a. m. and was pronounced dead at 12:21 a. m.

Jones' last words as he sat in the chair were, "Tell Thelma (his wife) bye, and say bye, bye to the children and be sure to tell my enemies that I love them."

On his way to the death chamber, Jones stopped to tell the six men in the death house good-bye. He stopped briefly in front of Kerzee's cell.

"Don't be afraid, General," he said. "You're going to Heaven and I'll see you very soon."

When the guards brought him through the door of the death chamber, Jones, erect and composed, looked at the assembled officials, witnesses and newspaper men, and said, "Good evening, gentlemen."

Jones was twice tried and convicted for shooting to death H. C. Love Jr., young Purple Heart war veteran, outside Jones' grocery in Floydada in West Texas in 1946. Jones was also a veteran of World War II.

## B. Slocomb Reports 7 Bales At Batte's Round Bale Gin

B. Slocomb, manager at the R. L. Batte Round Bale Gin in Cameron, reported early Thursday that he had ginned 7 bales of the new crop cotton thus far.

Mr. Slocomb has been manager at this gin plant for several years. Cotton is coming in fairly well but will be picked and ginned at a much more rapid pace in about 2 weeks.

He thinks the crop is good and says if favorable conditions continue the county will produce one of the best cotton crops in recent years.

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State, providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the word "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars ($5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election. 12-4tc

W. A. Heath is seriously ill in a Marlin hospital. He was taken to the hospital there Sunday and may undergo surgery. Mr. Heath is well known as a Cameron barber and citizen for many years. # FUNERAL PENDING FOR FORMER RESIDENT HERE

(From the Daily)

James D. Baskin, 53, native of Cameron and member of a prominent pioneer family, died in a veterans hospital in San Antonio at 10 p. m. Thursday, August 11.

Mr. Baskin, a World War I veteran had been ill for a long period of time and had been receiving special treatment at the hospital over a period of many months.

Born and reared in Cameron, he was the son of Mrs. Sue Baskin and the late Ben J. Baskin, pioneer merchant and land owner. In his early years he grew up in this old city, attended schools here and early manifested an interest in his father's business with which he was associated as late as the 1930's. The old firm here was B. J. Baskin & Sons later managed by A. H. Baskin, Sr., brother of the deceased.

When war came in 1917 Mr. Baskin volunteered and was accepted for the first officer training camp at Leon Springs near San Antonio where he graduated and received his commission as a Lieutenant. He went over seas with a Machine Gun Company a part of the Regiment commanded by Col. Ernest O. Thompson, now Chairman of the Texas Railroad Commission.

After the war Mr. Baskin returned to his home town and continued active in the firm of B. J. Baskin & Sons store until some years ago when he was appointed to a responsible place with the Railroad Commission in the oil and gas division. He served with the commission until his health failed and the family moved to San Antonio from Austin.

Mr. Baskin was always active in politics, was a man of deep convictions and outspoken. Because of his fine, frank nature, Mr. Baskin drew to himself many loyal friends from all walks of life. He possessed great courage and a fine mind and was a success in every undertaking in his life.

When Mr. Baskin left the service of the Railroad Commission at Austin he accepted a place with the Veterans Administration in San Antonio and had made his home there for a number of years.

The Marek-Burns Funeral Home in Cameron was making arrangements and the time for services was to be announced later in the day.

The body was due to arrive in Cameron sometime late Friday or early Saturday, it was said here. Funeral arrangements were pending. Interment would be at the historic cemetery at Little River Baptis- Church near Jones Prairie.

Surviving are his widow Mrs. Ruth McKinney Baskin of San Antonio and three sons, James Baskin, Jr., U. S. Navy and teaching at the academy at Annapolis, Maryland; Pat Baskin, attending law school at the University of Texas and Billy Baskin, a high school student in San Antonio.

Mrs. Sue Baskin, widow of the late B. J. Baskin, mother of the deceased, survives and lives in Cameron.

Four brothers also survive and are: Roy Baskin, city attorney and lawyer; A. H. Baskin, Sr., business man and land owner; Julian Baskin, farmer and land owner, who was associated with his brother in the old Baskin firm here; and Gordon Baskin, insurance man, all of Cameron.

Mrs. James D. Baskin is the former Miss Ruth McKinney of Jones Prairie, member of a pioneer family.

# W. J. WILLINGHAM IS BURIED AT MILANO

W. J. Willingham, Sr., 88, widely known resident and pioneer of Milam county, died at his home near Milano on Friday, August 12 from a heart attack.

Enfeebled by age and the exactions of a long and active life which he had spent as a farmer and cattle man, the pioneer passed away, secure in the esteem of his friends and host of surviving relatives, many of whom journeyed long distances to stand in the little cemetery at Milano to pay their tribute to one whose life had been an inspiration to them.

Mr. Willingham was born in Union County, Arkansas on March 26, 1861. The war between the North and South had been in progress for one year when he first saw the light of day in the green mountain country. With his mother, he came to Texas while his father and an older brother were fighting in the Confederate army. They settled in Mason county and after the war was over the father joined his family in Mason county where they lived for a long time.

To bring her young son into Texas and to escape the Union lines then reaching into Arkansas, Mrs. Willingham secretely sent her boy through and joined him later, making their way to Mason county. At the time they left Arkansas, the subject of this sketch was just 4 years old.

As a small boy Mr. Willingham witnessed the taming of the frontier and like most men of that day fell heir to the traditions of the range and cattle and continued all his active life as a cattle man.

Mr. Willingham, as a young man, came to Milam county and lived in the Milano community where he met and married Miss Mary Elizabeth Ashley. That was more than 60 years ago. They celebrated their golden Wedding Anniversary some 12 years ago. After their marriage Mr. and Mrs. Willingham moved to the scenes of his early childhood in Mason county and lived there until 37 years ago when they came back to the home community of the bride who went away with her young husband more than a half century before. They continued to make their home at Milano.

Mrs. Willingham who shared with her husband the hardships of frontier life, survives and resides in the old home near Milano.

Mr. Willingham possessed to a marked degree the rugged characteristics of the old time pioneer. His was a compelling personality and he drew to himself friends in all walks of life. Like most of the men who set the stage for an empire, devoted his years to living and in so doing reared high a monument in the hearts and memories of thousands.

Funeral services were held Sunday, August 14 at 3 p. m. from the Baptist Church in Milano by Rev. Steele, with interment in the Milano Cemetery.

Surviving are his aged widow, Mrs. Mary Elizabeth Willingham, of Milano, seven daughters and two sons as follows: Mrs. C. J. Ray, Mrs. E. C. Westbrook of Milano; Mrs. M. C. Brown of Troy; Mrs. Estella Jolly of El Paso; Mrs. Ray Sewell of Chriesman, Mrs. Fred Reno of Cameron, and Mrs. K. D. Grabener of Lufkin; H. W. Willingham of Port Arthur and W. J. Willingham, Jr., of Milano, and one niece, Mrs. James Burkes of Waco.

Pall bearers were Billy Willingham of New Mexico; Chandler M. Brown of Fort Worth, E. C. Westbrook, Jr., of Milano; James Brewer of Waco; Dan Updike of El Paso and Charles Willingham of Port Arthur.

## Groesbeck Grand Jury Indicts Ex-Mayor For Beating Judge

GROESBECK, Aug. 8 — Former Mayor Allen Therrell was indicted Monday on a charge of aggravated assault and battery with fists by a Limestone County grand jury which heard the testimony of the victim, veteran District Court Judge H. Fountain Kirby. Therrell's bond was set at $1,000.

Judge Kirby left the sanitarium here Monday for the first time since July 28, when he was seriously injured in an affray at a Groesbeck service station. Therrell was arrested at that time but released on bond. He resigned as Mayor the next day.

City Commissioner Claude Garrett Sr. said when the assault occurred that there had been friction between the two men for some time.

The grand jury heard testimony from several witnesses Aug. 1 but withheld a decision pending testimony of Judge Kirby. The judge's physician said Kirby's condition was "good" Monday and that he would likely not lose total sight in one eye as previously feared.

Mrs. Nig Moody is a medical patient in Newton Memorial Hospital.

## CHAMBER COMMERCE RESCINDS RESOLUTION

Southwestern Bell Telephone Company has been reminded that it pledged to be at work in a year or to have extensions well under way when the company obtained rate increases almost a year ago.

Some weeks ago the Chamber of Commerce passed a resolution calling on the telephone company to make good on its announced plans. The resolution said in part that unless the phone company began the system improvements it announced last October soon the Chamber would ask the City Council to rescind the order by which it granted increase in rates.

Representatives of the Telephone Company have since met with the Chamber of Commerce and asked the Directors to rescind the resolution. This has been done. There is now nothing of record officially calling attention of the telephone company to its promises about an expansion of the system.

Recently representatives of Southwestern Bell Telephone Company met with Directors of the Chamber of Commerce and requested that body to rescind the resolution. The officials of the company went into detail to explain how the delays have occured; that reconstruction in the big ice area last winter and spring had delayed the big program of expansion in exchanges over the state. After hearing the officials the director agreed to withold any action.

The Chamber, it was understood, feels that something will be done soon. John C. Andres, President, said that engineering work has begun. The company must get subscribers signed up and there is the matter of equipment.

The rate increase was granted here in October 1948. The company promised a bigger exchange, rural service expansion and other things.

## Scouts Collect $282 For Polio Funds At Picture Theatres

Boy Scouts have done a good job again. This time the Texas Polio Fund being sponsored by motion picture theatres.

Dean White, manager of the Swift Theatres in Cameron reported Wednesday that the Scouts had collected $282.68 since the current fund drive started.

At intervals during the week the programs are stopped and the Scouts pass along the isles at the theatre. This is preceded by a special picture appeal on the screen. Need for funds is acute all over Texas.

## Lillian Atkinson Is Seriously Injured In Mishap Near Camp

Miss Lillian Atkinson is in St. Edwards Hospital in Cameron, critically injured as the result of an accident early Sunday morning when she was run down by her own car and dragged some ten feet near her camp site on Little River.

Reports early Monday indicated that Miss Atkinson is resting well and improved. It was said that she had sustained a broken wrist, broken pelvis and broken collar bone.

Miss Atkinson and friends built a camp and cabin on the river near Marlow near the Sherwood McClaren farm, some time ago and have been enjoying the summer. As she neared the camp early Sunday she got out of her car to open a gate. The car, out of gear and with the emergency down, started rolling down a sharp incline as she opened the gate and stood in the roadway with her back toward the moving car.

When she discovered her predicament it was too late to get out of the way of the car. She was knocked down and dragged about 10 feet when the car hit a small sandbar and was stopped.

Miss Atkinson was pinned beneath the car for about 45 minutes and unconscious. When she regained consciousness she tried to escape but discovered she could not get out from beneath the car. She screamed for help. The McClarens heard her cries for help and young Rex McClaren raced to the gate on his bicycle and returned at once to report the accident.

Miss Atkinson recognized Rex when he approached the car and asked him not to touch the car but to brace the wheels with rocks so it could not roll further. This done Rex raced back home and soummoned help. An ambulance arrived and took Miss Atkinson to the hospital.

# YOEMEN HIT PENANT TRAIL HERE MONDAY

It is a long trek any way you measure it—from August 15 to November 11, but a confident band of Yoemen will hit the Penant Trail Monday.

Coach Paul Smith has called his fledglings out for 7 a. m. on Monday, August 15. It will be only the beginning. It will be four hours a day, morning and evening and plenty of hard work.

The first game of the season is just around the corner, in fact, ladies and gentlemen, it is to be played in Cameron on the night of September 9. School will have been in progress only four days but the Yoemen will have 18 days of hard work behind them.

Cameron opens the football season here against West. It will be their first meeting. Burbank in San Antonio, twice defeated by the Yoemen, is not on the schedule this year.

Dick Young, line coach and assistant to Smith, will start plugging the gaps left by graduations last June.

Coach Smith has set a daily work schedule that begins at 7 a. m. and ends at 9 a. m. In the evening under the lights at the field work will start at 7 p. m. and end at 9 p. m. All boys who feel hopeful and want a chance at the school's most popular sports schedule, are invited to be on hand Monday morning. This means all boys who are interested in either the B squads or the Varsity.

Coach Smith knows football from the ground up. He played it, little time and big time, ending up his head gear days with Texas Christian University in 1941 as a fullback. War came and he spent five years in the navy in physical and military training in such centers as Norfolk, Virginia, Great Lakes, Illinois and Corpus Chrisia, Texas. When the Japs were beaten Paul Smith came home and got a job at Masonic Home as head coach and from there we know the story. He is in Cameron now to pilot the defending champions in District 31-A.

Paul is a realistic, matter of fact fellow and plenty smart. He makes no bones about the job ahead here. It is hard work and team building from the very bottom. He faces the facts like they are and so doing is very apt to come up with a good ball club this fall, but that is getting ahead of schedule.

There will be exactly four regulars from the District Champions of 1948. They are Melroy Eixman, star tackle who did a double chore last fall in the line and as punter. Melroy will be all district this year. There is Gordon Gibson at center, all district lineman and one of the best; Louis Hollas at Right Guard who had experience last year when the going was tough; and Alton Fuchs, little field general and spark plug, a back, who has put on some weight and may get some important roles this year.

Coach Smith told this newspaper Thursday that to get 11 starters on the field that the major number must come up from the B squad. Over 20 first stringers were lost through graduation and run out on playing time.

The schedule is not heavy. Intersectional games are against West, Caldwell, Brenham and Waco Tech. There will be five home games. The conference season opens here with Georgetown on September 31. The Taylor Ducks come to Cameron October 14 and that is the last of the conference home games. The Yoemen have to go to Killeen October 21, to Belton on November 3 and close the season in Rosebud on November 11.

Coach Smith is an exponent of the Semi-T formation. For four years the Yoemen have been playing the T formation. Some 40 boys are expected Monday when the work begins.

## New Rest Rooms At Athletic Field Are Nearing Completion

Cameron School Board is completing new rest rooms at the Athletice Field.

These installations have been sorely needed for years and are being paid for out of athletic fund earnings. This progress at the field denotes good planning. These sanitary facilities will be in operation by football season opening on September 9.

Friends will be glad to know John Hobson has returned to his home and improving after being a patient in St. Edwards Hospital.

## The Yoemen To Have Maroon Uniforms And Brand New Ones

The Yoemen will be decked out in brand new playing uniforms this year and what is more they are going to be Maroon colored.

Not within the memory of many have the Yoemen had an out and out maroon uniform. A long time ago they did but it will be something of an innovation. One of the most striking get ups was the white and Maroon striped uniform. In late years they have worn combinations.

Coach Paul Smith said the new uniforms will be full fledged school color. The Yoemen always have the best in equipment.

Mr. and Mrs. Arland Henry of Austin visited in the home of Mr. and Mrs. Bunce Henry the past week end.

### SON TO THE SCHUEMATES

Mr. and Mrs. Albert C. Shuemate of Kenosha, Wisconsin have announced the arrival of their son, James Albert, who weighed 8 pounds. His grandparents in Cameron are Mr. and Mrs. C. C. Gill.

Beatrice Tindall, student nurse at Valley Baptist Hospital and Al Dent of Harlingen were Sunday guests of Miss Tindall's parents, Mr. and Mrs. John Tindall.

## Deer Family Holds Reunion Here Sunday At Sam Deer Home

The children of the late Mr. and Mrs. Joe S. Deer, pioneer settlers of Falls County, Lott, Texas, held their first family reunion in Cameron, August 7, 1949, at the home of Mr. and Mrs. Sam Deer, 900 West Main Street.

A lovely dinner was served to the following: Mr. and Mrs. Jim Deer and their children, Mrs. Joe Ramirez, Mrs. Herbert Harrell, Mr. and Mrs. J. P. Deer of Beeville, and Mr. and Mrs. James Deer and son of Brownville; Mr. and Mrs. Joe S. Deer of Frederick, Oklahoma; Mr. and Mrs. Watson Deer of Lott and their children, Mr. and Mrs. G. H. Deer and son of Corpus Christi, Mr. and Mrs. S. R. Deer, son and wife of Houston, Mr. and Mrs. B. Deer, daughter and granddaughter of Lott; Mrs. H. M. Prater of Tyler and Mr. and Mrs. Dink Deer of Lott.

The occasion marked the first time that the Deer boys and their sister, Mrs. Prater had been together in twenty years. All the children were present with the exception of a brother, Churchill Deer of Kelso, Washington, who was unable to attend.

In the afternoon group pictures were made, followed by a watermelon feast on the back yard lawn at the Deer home.

The reunion was given to honor Mr. and Mrs. Joe S. Deer of Frederick, Okla., who had not visited in Texas during the past twenty years. They remained over several days for a visit with Mr. and Mrs. Deer.

## Mrs. Ladis Marek Is Hostess to Auxiliary

## Charlotte Childress And James M. Wiggs Are Married August 8

Miss Charlotte Childress, daughter of Mr. and Mrs. George Childress became the bride of Mr. James Marcus Wiggs, son of Mr. and Mrs. H. T. Meredith, of San Antonio, August eighth, at eight o'clock in the evening.

Rev. R. L. Lemons, pastor First Methodist Church read the double ring ceremony in a Fluorescent lighted arbor in the garden at the home of the bride's parents. A white lattice arbor with a background of greenery twined with green and white ivy was decorated with five standards of white gladioli and provided a beautiful setting for the wedding A white carpeted path led from the terrace across the garden to the arbor. White posts twined with green and white ivy and bouquets of asters decorated the bridal path.

Mrs. Hilliard Thomas, organist played a prelude of wedding music and accompanied Miss Shirley Horstmann who sang, "I Love You Truly".

Given in marriage by her father, the bride was gowned in imported white organza, fashioned with Ballernia length skirt. She wore a picture hat and carried a wedding bouquet of white galdiolus and orchids and a lace point handkerchief belonging to her grandmother who carried it at her wedding.

Mrs. Delona Banister of San Antonio was maid of honor and Misses Pasy Esslinger and Marion Brewer were bridesmaids. All were dressed in balerina length dresses of pastel green organdy. They wore picture hats and carried straw hat baskets filled with asters and green and white ivy.

Gean Lester, little daughter of Mr. and Mrs. Ray Lester was flower girl and made an adorable picture, dressed in a flowing white organdy formal with a picture hat and carried a panama basket filled with asters.

Wayne Wiggs served his brother as best man and Jack Beasley and George Childress, Jr., were ushers.

The wedding ring cake decorated with lillies of the valley, orchids and calla lillies rested on a wrought iron glass-top terrace table, which also held the punch service. Misses Betsy Rose and Katherine Curry of San Morcous presided at the punch service and served the cake.

Miss Hortense Nabours registered the guests in the bride's book.

For traveling the bride wore an acqua suit of gabardine and brown accessories.

The bride is a graduate of Yoe High School and also graduated from SWTSC San Marcos. Mr. Wiggs graduated from high school in San Antonio and is also a graduate from the college at San Marcos.

After a wedding trip to Mexico City the couple are at home in Goliad, where Mrs. Wiggs will teach in the elementary school and Mr. Wiggs has accepted a position teaching Business Administarton in the high school there.

Out-of-town guests for the wedding included: Mrs. T. K. Quinn, sister of Mrs. Childress from New York, Mrs. Mary V. Hill of San Antonio, Dr. and Mrs. Delbert Childress from Giddings, Mr. and Mrs. Fred Childress of Temple and Mr. and Mrs. Wayne Wiggs from San Antonio.

## Miss Jeneva Wahl and James Elwood Bryant Married In Austin

Miss Jeneva Wahl became the bride of James Elwood Bryant in the Austin Presbyterian Theological Seminary Chapel July 23.

The bride is the daughter of Mr. and Mrs. Edwin Wahl of Junction. She is a graduate of Junction High School and has been employed with the Texas Employment Commission for the past 3 1-2 years.

The bridegroom is the son of Mr. and Mrs. Claude F. Bryant of Cameron. He is a gradaute of C. H. Yoe High School in Cameron and received a master of arts degree in geology from the University of Texas.

During the war he served with the US Army for 21 months in the European theatre. He has been employed with the Texas Company in Houston for the past year.

Dr. Edmund F. Heinsohl officiated in the semi-formal double ring ceremony before an altar banked with white gladioli.

Herman Hermanson, soloist, sang "One Alone" and "Because". He was accompanied by E. H. Gathright, Jr., organist.

The bride, given in marriage by her father, wore a white lace dress over satin fashioned with long fitted bodice, full gathered skirt and long pointed sleeves. The yoke ov net was edged with a double ruffle.

Her chapel-length veil was attached to a pearlized tiara of baby carnations, and she carried a white orchid on a white Bible. Her only jewelry was a single strand of pearls.

Miss Norene Garner attended the bride as maid of honor. She wore a pale pink organza gown fashioned with a fitted bodice and off the shoulder ruffle. The full gathered skirt and tiny ruffle extending from back of the waist to the hem ruffle around the skirt. She wore a matching headdress and carried a colonial bouquet of pink asters and carnations. Her jewelry was a lavaliere.

Clarence C. Durham attended the bridegroom as best man, and ushers were Norman G. Kittrell III of Seguin and Clovis Russell of West.

Following the ceremony a reception was held in the home of the bride's parents, 607 West 12th. The lace-covered table was centered with an arrangement of white gladioli and carnations. The three-tiered bride's cake was decorated with white roses.

Mrs. Raymond Schneider, sister of the bride, served the cake and Miss Garner presided over the punch service.

The brides mother wore a light green butcher linen dress, and the bridegroom's mother wore a black crepe dress. Their corsages were of white carnations.

For travel the bride chose a navy blue suit with navy and white accessories and a white orchid corsage.

After a short wedding trip the couple are at home in Houston.

Out-of-town guests for the wedding included the bride's niece, Ray Ola Schneider of Junction, who lighted the candles before the ceremony.

Printing is a home industry.

## Marlin Chamber of Commerce Head Quits; Low Income Blamed

MARLIN, Aug. 8—Victor Pannell, manager of the Chamber of Commerce and agriculture in Marlin since September 1946, has resigned, effective Sept. 1.

Pannell presented his resignation at a meeting of the directors at noon Monday. He stated that a low financial operating income of the organization prevented programs being carried on.

Mrs. Ann Severson, who has served as office secretary, will continue her duties in the organization.

Pannell came to Marlin from the Rosenberg Chamber of Commerce. He did not indicate any plans he might be considering for the future.

In accepting the resignation the board members stated they were taking steps to secure the services of another manager and a selection committee was named composed of Rev. F. P. Goddard, chairman, Dr. Charles Cornell and Pat Hodge.

## GERMAN PEOPLE VEER TO RIGHT IN VOTE

Nearly complete returns in Western Germany's first parliamentary election today gave right-wing parties a decisive lead over Socialists.

The Conservative Christian Democrats and the right wing Free Democrats together were assured control of parliament as the returns shot up toward the 25,000,000 mark.

Complete returns of 237 of the 242 elections districts showed these totals.

Chrisian Democrats—7,305,028.

Social Democrats (Socialists)—7,029,352.

Free Democrats—2,839,447.

Communists—1,379,514.

The Christian Democrats had won 132 seats in the parliament, the Social Democrats 112, the Free Democrats 36 and the Communists only six.

The Christian Democrats also led in the heavily-populated state of North Rhine-Westphalia, home of the industrial Ruhr, but the division of parliamentary seats had not been decided, due to a system of proportional representation in which 40 per cent of the seats are allocated on the basis of the percentage of the vote received by each party.

A similar system is followed in Bavaria.

No single party seems likely to achieve a majority of the 400 seats in parliament. This would make a coalition government necessary, with the Christian Democrats and Free Democrats representing the most likely combination.

Voters flocked to the polls in number surpassing all pre-election forecasts. Western Allied Officials had predicted fewer than 65 per cent of the 31,000,000 eligible voters would ballot. But in Hamburg, in the British zone, 82.4 per cent voted in probably the heaviest turnout of any of the 11 West German states. In Wuertemberg-Baden, in the American zone, 72.4 per cent voted. This suggested Nationalist appeals to the voters to boycott the election were largely ignored.

The voters had to choose among 2,297 candidates for 18 parties.

The lower house, called the Bundestag, will meet Sept. 7 and two days later will choose a first President for the 47,000,000 Germans of the 11 States in the American, British and French zones.

Marketing the bitterness of the campaign, two squads of placard-bearers fought in the streets of Hamburg. Two were injured and seven arrested.

A group of youths marching and shouting the old Nazi cry, "Sieg Heil," was dispersed in Kelheim by police last night.

The Soviet flag was taken down by police from in front of one voting place in Darmstadt, in the American zone.

Nazi swastikas were pasted over election posters at Oldesloe, near Hannover.

## Scouts Aid Collection In Theatres For Texas Polio Fund

Boy Scouts are serving well as usual at local motion picture theatres in the current collection for the Texas Polio Fund, it was said by Dean White, Manager of the show houses.

Under a special appeal additional funds are being sought and the picture theatres of the state are assisting.

The program is interrupted at intervals and collection boxes are passed by the Scouts. So far the results have been good and Scouts are getting credit for a good share in the campaign.

Mrs. Graham Gillis and Mrs. W. A. Bonds visited Mr. and Mrs. George McDonald at Valley Mills last week.

## Specialty Shop Style Show Spotlights New Things For Fall

The Specialty Shop was the scene of the Fall style show on Tuesday afternoon, with Bonnie Donovan commentating.

Whatever the occasion, whatever the college, Specialty Shop combined with Mrs. Donivan's talents and her exclusive line of fashions to be worn on any and every campus this fall was most interesting and beautiful.

Mrs. Trent Nabours and her little daughter, Jane started the colorful parade of finery dressed in typical Texas cow boy regalia, down to the minute detail of clinking spurs.

Then came the parade of corduroys in flaming reds to warm depthed ruby, greens from the emerald to the muted tones of martin's olive; rich dark colors and the forest shades of brown to paler shades are dstined to predominate the season 1849 and 1950. Straight green or erd corduroy skirts and jackets, the ever popular collegiate's favorite to serve a double duty purpose worn with white or colored shirts.

The eye-catching team in a clever color-fabric combination of nonsag jersey, cottons and bold colors of sash trim is a perennial "must" on any college girl's shopping list. Also shown in corduroy were four piece suits, including slacks.

Black will dominate the dinner hour shown in slim flattering lines and overall slinderizing effect. Shown for the college girl to be worn at twilight of evening were a gorgeous array of Carole Kings Junior frocks made up in velveteens, irridescent taffetas and dreamy satins.

In these exclusive lines were shown fall skirts in lustrous gabardines, soft tweeds, flannels and gay plaids, with interesting new pocket details, tucks and un-pressed pleats to team with thrilling new roll neck jersey blouses with push-up sleeves all in dark colors or high shades.

Swansdown's Jaunty Junior suits in pure worsted sheen, modeled by petite figures were beautiful in Fall's crisp textured woolens. Buttons flash from under crisp pleats at the hip and hemline. The V neck and double breasted suits in smooth styling come in men's pure worsted fabric.

Fashionable ladies will have shiny, tiny waists for fall, accented with glossy belts of satin, patent leather, burnished brass, bright gold or selfsame material.

Short coats in bright colors—their young casual and terrific value (100% virgin wool) that wears and wears, comes in such live, warm colors as mist blonde, fireman red and green. Also the dressy long length coat in all the fashionable fall colors to be worn belted or loose.

The show was not for the younger set alone, and included two charming matrons, Mrs. Carl Black and Mrs. A. L. Witcher who modeled suits and tailored dresses along with the more formal attire. Perky hats, barrets and accessories also had a prominent place in the show, with special emphasis on the barret worn with the school girl's wear.

Models for the show were Mrs. Trent Mitchell and daughter, Jane, Beverly Freeman, Betsie Caperton, Elba Jean Colburn, Eleanor Schmidt, Martha Werner, Mary Neil McClellen, Margie Denson, Margaret Horstmann, Mrs. L. G. Smith, Mrs. Martha Harris, Mrs. James Brock, Mrs. Carl Black and Mrs. A. L. Witcher.

Mr. and Mrs. Donovan and their employes, Mrs. Dero Jenkins, Mrs. Effie Miller, Mrs. A. L. Witcher, Mrs. Dean White and Mrs. Margaret Chandler are to be congratulated for a successful showing of the autumn wardrobe and the wonderful display of color and fabric to be found in much larger cities. In their up-to-date Shop many exclusive lines are to be found.

AN AUTOMATIC ELECTRIC RANGE KEEPS YOU—

Cool-Calm-Collected

Cooking electrically these days is a small matter of pushing a button or turning a switch. What could be easier than that? Your kitchen remains degrees cooler because the cooking units are in direct contact with the cooking vessel and very little heat escapes around or up the sides. You stay cooler, too, for your work is done when you put the meal in the oven and set the accurate temperature control. This economical temperature control cuts on and off to maintain an even, uniform heat . . . cooks a great portion of the time with the current off. The generous size oven cooks a complete meal at one time . . . even desserts. So, why not stay cool, calm and collected this summer . . . turn your cooking duties over to a modern electric range. You'll get perfect results every time!

# SPECIAL TRAIN TAKES LOCAL UNIT TO CAMP

By LLOYD ALBERTSON

"You've never had it so good."

That old wartime Army phrase could be dusted off and used to describe the somewhat roundabout trip which Battery C and other units of 649th Anti-aircraft Artillery Battalion made by special train from Temple through West Texas and part of New Mexico to El Paso, where they arrived about noon, Mountain time, Sunday after covering approximately nine hundred and twenty-five miles.

The Guardsman were en route to Ft. Bliss to begin two weeks of field training in conjunction with the New Mexico National Guard. They were transported by army trucks to final few miles from El Paso to their barracks in Ft. Bliss.

The special train that carried the approximately 200 officers and enlisted men of the Battalion had its own kitchen car and the Guardsmen also enjoyed complete Pullman accommodations. For some of the newer Guardsmen it was their first train ride. There were some humorous comments about "touring with the National Guard", and of practically having Sunday morning breakfast in bed. One Guardsman, in fact, was heard to remark that he hoped to go to heaven, but in case he couldn't, then he would like to go to the other place by Pullman.

Training began for the Battalion promptly at revielle on Monday, August 1st.

## Indian Hieroglyphics Attract Attention Here; A Rare Find

If you are a Hieroglyphist of any sort you will be interested in a fragment of sandstone found in a gravel pit near Marlow by Allen Edward Dodson, Jr.

Allen Edward Jr. is just 5 years old but goes out with his cousin Glen Dodson who is getting well up with an Indian collection.

The stone on which are drawn the pictures of animals, is now the property of Glen Dodson. On the stone are drawings of a buffalo, deer and another animal the identity of which has baffled many.

The hieroglyphics stone is at The Herald. It will remain there for several days and will go back to Glen's collection. So far as known it is the only such find ever made here. The pit is on the east side of the river at the end of the McClaren bridge. Beyond is the old Story farm where Indians once had an extensive village. No doubt the heiroglyph originated there.

Glen Dodson is a Boy Scout and interested in getting a big collection of Indian relics. He has set up a small museum at his home.

From where I sit ... by Joe Marsh

If They're Wild, They Belong To Tik

Saw Tik Anderson last week and was reminded of the first time I ever spoke to him. The missus had sent me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tik's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tik says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tik supports his family by picking berries. Ever ince, I've been like the rest of folks in town—respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town . . . in America for that matter! Whether it's a person's right to enjoy a temperate glass of beer or ale, or whether it's Tik Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!

Look what you get for less than many Sixes!

THIS BUICK SPECIAL 3-PASSENGER COUPE (Model 46) does double duty as a business car and a car for the small family.

Come see this Stunning New Buick SPECIAL—big in room, big in valve-in-head straight-8 power, easy to manage in size and price

Yes, we know it looks like a lot more money.

That stunning new front end — those graceful, tapering fenders — those bigger interiors and high-visibility windows add up to a car you'd expect to wear a pretty fancy price tag.

But come in and see for yourself how right we were when we said this new beauty was priced right down your alley.

Come try the comfort-patterned seats, handle this easily managed wheel, lift the hood and see the bonnet-filling valve-in-head straight-eight power plant you command, measure the shorter bumper-to-bumper length.

Then do a little hard-boiled matching-up of price tags.

In particular—*compare this beauty with the sixes*—and ask yourself why you should pay for straight-eight power and not get it.

You have, remember, three smart body types to choose from—the tidy, three-passenger Coupe shown here, a neat 2-door, six-passenger Sedanet and a smart 4-door Sedan with the roomiest interiors ever found in a Buick SPECIAL.

They're going fast, as you might expect. Getting a firm order in is a smart move just to insure early delivery.

How about dropping in—the first minute you can?

TEN-STRIKE! Only Buick SPECIAL has all these Features!

*Traffic-Handy Size • More Room for the Money • Dynaflow Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fore and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher*

Students in the grades at Ada Henderson School will register for Classes Monday, September 5 at 9 a. m. and will be dismissed at noon. Regular classes for the grades will begin at 8:30 a. m. on Tuesday, September 6.

On the importance of registration Mr. Layfield said: "Every student should make special effort to register with his proper group. Those who do not follow the above schedule will have to wait until the first week of school to register, then at the convenience of principals and teachers."

The first faculty meeting for the school year will be held Monday, September 5 at 2 p. m. in Room 6 in the Yoe High School building instead of Saturday before the opening of school as in previous years.

Student Activity Tickets will be on sale at the time of registration and the prices will be: Yoe High School $4.00 with tax included and for Ada Henderson School $3.00 with tax included.

The first football game will be on September 9 and students should purchase Activity Tickets early.

## Farm Queen Contest Beauties

Here is shown the winner and second and third winners in the Milam County Farm Bureau Queen contest that ended on July 21 with coronation ceremonies. In the center is Miss Olivia Lehman who was crowned queen. At the right is Miss Vetrice Mills of Milano who was second place winner and at the left is Miss Bobbie Ann Burnett of Marlow who was third place winner.

Coronation ceremonies were colorful and featured by a radio broadcast by Layne Beatty, farm editor of WBAP, Fort Worth.

Eleven girls out of fourteen who entered, participated. They were: Betty Ann Allen, Briary; Loretta Becker, Cameron; Bobbie Ann Burnett, Marlow; Dottie Hanel, Hoyte; Evelyn Nell Janicek, Burlington; Olivia Lehman, Buckholts; Coriene Massey, Maysfield; Vetrice Mills, Milano; Marrita Richter, Salem; Dorothy Tomek, Elm Ridge and Imogene Young of Baileyville.

**CAMERON GUARDSMEN—**
(Continued from page one)

with revielle at 4:45 Monday morning. The Guardsmen were transported by truck t othe Ft. Bliss artillery range for practice firing of 40 mm Guns and 50 cal. machine guns at a target that travelled on a small railway.

Tuesday morning revielle was at 3:45 and the Guardsmen went out on the rifle range for small arms firing with carbines. Capt. James Terry made one of the highest scores in the Battalion, qualifying as Expert. Lt. Eugene Mees qualified as Sharpshooter and Capt. Rudolph Michalka as Marksman. Most of Battery C's enlisted men had comparable scores.

Revielle was at 2:45 on Thursday morning, and the Guardsmen made a 55 mile trip by truck to the Oro Grande artillery range in New Mexico for anti-aircraft weapon firing and an overnight bivouac. Each battery had a 40 mm Gun, a director and multiple 50 cal. machine guns ranged along the firing line. Sgt. Pete Kunz was chief of section of Battery C's 40 mm Gun, working under the supervision of Sgt. 1cl. Julian Arnold. Lt. Mees served as safety officer.

Targets were of two kinds: a small radio-controlled airplane about six feet long, and a "sleeve" towed by a plane at the end of a cable.

As the target started along its course, gunners began tracking it and reporting "On target!" Then would come the order to fire, and all along the line machine guns would clatter or 40's boom—a scene that must have been reminiscent of wartime to many a veteran.

The little planes, flying approximately 150 miles an hour, made elusive targets. Nevertheless, 11 of them were shot down. Battery C was credited with two, both being downed by machine gun fire, with Ret. Billy G. Neeley manning the guns.

Officers of the Battalion and Regular Army instructors were frankly pleased at the fine shooting record that was made. "They may have been green when they came out here," one Army instructor commented, "but they know how now."

The Guardsmen slept in pup tents on Thursday night and ate C rations. They completed firing on Friday morning and returned to camp shortly after noon. There they packed their duffel bags to return home. Also on Friday evening they were paid for their two weeks of training. Battery C's members received an estimated $2,500.

# What every party-line telephone user knows...

EVERY PERSON WITH A PARTY-LINE telephone at home knows at least three things about the service.

He knows the line must be shared fairly to be useful to everyone—just as a street is shared by those on it.

He knows he appreciates courtesy from others on the line—such as not interrupting, and recognizing his emergency needs for the line now and then.

He knows whether party-line service meets his needs. About half our customers have always preferred party-line service, even before the war, when they could have had individual lines.

Today, out of each four families with telephones, about three have party-line telephones and one of them has asked for a different type of service.

We'd like to be able to give it to them. We are working toward that, and are making some progress despite the continuing heavy demand for telephones from those still without any service.

We have on file thousands of requests for some other type of service. Wherever local conditions permit, we are meeting these requests, and are keeping a careful record of all requests, to act on at the first opportunity.
